MFC-255CW

Brother's new colour inkjet Multi-Function Centre (MFC), MFC-255CW is an office solution ideal for home- and small-offices. It not only lets you print, fax, copy and scan, but is also endowed with a space-saving design, housing many work-enhancing features.

As a business tool, this MFC gives you different communication functions. With Wireless capability, you can access the different functions anytime and anywhere, and deliver your office business document tasks quickly and efficiently. You can also store up to 170 pages of fax in your machine's memory so you don't have to worry about missing out on important documents. To further save time and paper, its versatile scanning applications allow you to scan to e-mail, OCR, and more in a variety of formats including JPEG, TIFF and PDF.

The MFC-255CW not only saves you time and space, it saves you money, with its 4 individual ink cartridge system. With separate cartridges, you only have to replace the colour that runs out, so you reduce wastage, save costs and protect the environment.

Enjoy the freedom of an all-in-one when you have Brother at your side.

GENERAL

† ITU-T Test Chart No.1

Approximate page yields in accordance with ISO 24711. The supplied ink will be lesser due to initial purging.

For more information regarding system requirements, please visit <http://solutions.brother.com>

Brother strongly recommends the use of genuine Brother consumable products only. Benefits include better quality prints, greater yields per consumable, protection of your machine from damages and achievement of optimum performance. As a precaution, please note that your machine warranty may not cover any damages arising from the use of non-genuine consumables.
