High Speed Printing with Maximum Performance

The HL-5340D has a high print speed of up to 30 ppm¹ for single page printing and up to 13 ppm² for duplex print. With a true 1,200 x 1,200 dpi resolution³, the HL-5340D ensures your printouts are professional-looking for your business presentation.

Low Operating Costs

With a separate toner and drum technology, HL-5340D reduces your total cost of ownership. As the drum cartridge is being maximised after several toner cartridges are depleted, costs are reduced to the minimal. It is shipped with a standard toner with up to 3,000 pages¹ and the option of a high-yield toner with up to 8,000 print¹ for bulk savings.
