# Improved User Interface

Easily find the necessary function

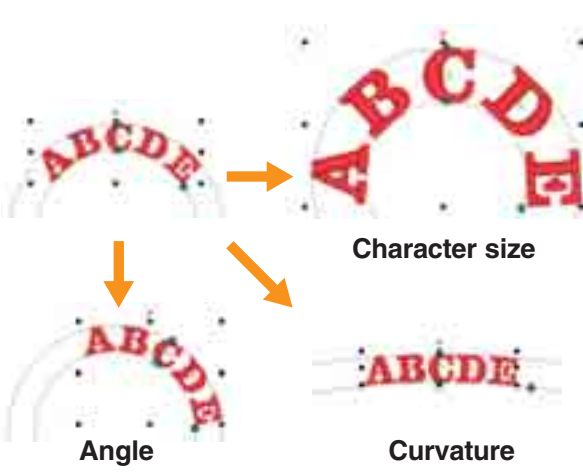

# Enhanced Lettering Features

100 Built-in Fonts

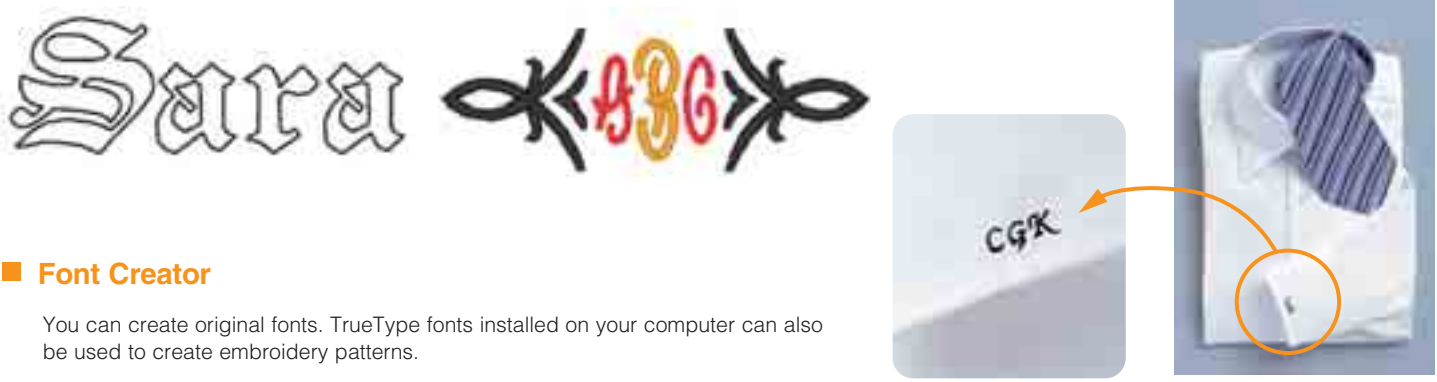

Transforming text

Outline Sewing

Monogram

Small Fonts of 3 mm to 6 mm

Font Creator

You can create original fonts. TrueType fonts installed on your computer can also be used to create embroidery patterns.

# For The Professional Needs

PE-DESIGN NEXT has enhanced productivity features making it ideal for small business use. Link Function allows you link up-to four compatible embroidery machines and to send data to each machine.

Link Function

Brother PR1000/PR650 Ver.2 can use the Link Function and can receive up to 100 data from the computer. In addition, two functions below can be used in combination.

# New Stitching Features for More Expressive Embroidery

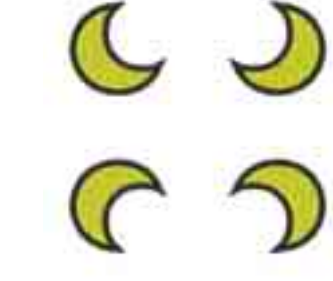

Candlewicking Stitch & Stem Stitch

Floral Pattern

Mirror Copy

Offset Lines

Circle Copy

# Key PE-DESIGN Functions

Print and Stitch

Blending

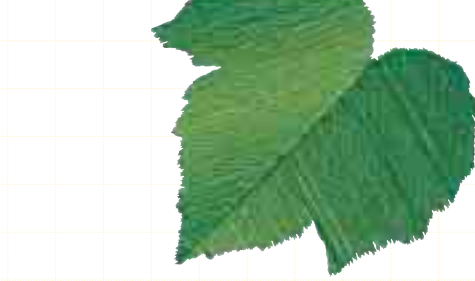

Photo Stitch

Cross Stitch

200 Built-in Template Designs

Name Drop

Great for making uniforms. You can embroider patterns by replacing the name parts. (You can create up to 500 name data.)
