Innov-is 90E

Embroidery Machine

With the Brother **Innov-is 90E** you can create high quality embroidery designs quickly and easily.

- 100mm x 100mm embroidery area
- 70 built-in embroidery designs
- 400 stitches per minute embroidery speed
- Quick set bobbin and bobbin sensor
- Back lit LCD Touch Screen
- Automatic thread cutting

Innov-ís 90E

For your embroidery needs.

Instantly import patterns from Brother Memory Cards

We've made it easy to import embroidery patterns. Just insert a memory card into the **Innov-ís 90E**.

USB import to connect with PC

Connect your **Innov-ís 90E** with PC, and transfer customized embroidery data. Compact body, but big expandability!

- With the optional PE-DESIGN software, you can design your own unique embroidery patterns in a few easy steps. Scan drawings or photos, or use clip art images and transform them into embroidery.

LCD touch screen

Manage all the functions with a simple touch of the easy-to-read LCD display.

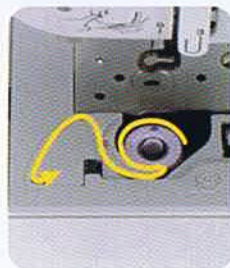

On-screen editing

Powerful editing features include layout, pattern rotation in 1 degree increments, mirror imaging and scaling.

Quick-set bobbin

Just drop in a full bobbin and you're ready to go. The **Innov-ís 90E** has a lower bobbin sensor which will warn you when the bobbin is running low.

- Quick set bobbin
- Lower Bobbin Sensor

Compatible with other manufacturers thread

In addition to the Brother thread chart, the **Innov-ís 90E** recognises threads from three manufacturers. When your pattern asks for a particular colour thread, just select the name of your manufacturer's thread from the information displayed on the touch screen LCD and the corresponding colour will be displayed.

- Built-in competitor thread charts

Compact and easy embroidery

The **Innov-ís 90E** has a 100mm x 100mm embroidery area. Just set the embroidery unit & frame, select the pattern, and ready to embroider. You can create it easier than ever!

- 100mm x 100mm embroidery area

Built in Font styles

Built-in font styles make it easy for you to personalize all your sewing and embroidery projects.

- 5 Fonts
- 3 Sizes

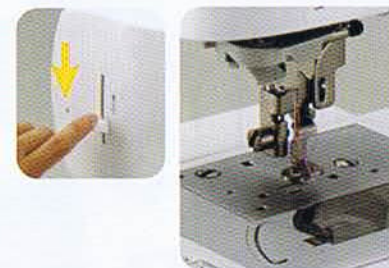

Thread sensor for upper thread

The **Innov-ís 90E** has an upper thread sensor that warns you when the upper thread is broken or run out.

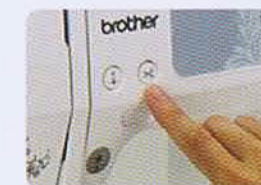

Easy threading

No more stress when threading! Follow the thread guide, and use the needle threader lever with one finger.

Easy lower thread winding

Quick & easy way to wind lower thread! Just put the bobbin and thread guide shows you which way to go.

Trimmer button
Automatically cuts the top and bottom threads.

Needle position button
Raises or lowers the needle.

Start/Stop LED button
Red/green lights indicate when the machine is ready to sew.

Language setting
15 languages are available.
