HL-2270DW Compact Monochrome Laser Printer with Automatic Double-sided Printing and Wireless Networking

Reduce paper usage with double-sided printing

With the automatic double-sided printing, you can save on paper and reduce paper usage in your office by printing on both sides.

Increase productivity with high print speed

Printing up to 26 pages per minute, the HL-2270DW lets you produce professional documents in no time. Thanks to the high print resolution, you will get sharp, crisp text and accurate reproduction of even the finest details on the page. Connect and share easily with multiple users through the wireless capable HL-2270DW, which will also help you reduce clutter in your office.

Keep costs low

The HL-2270DW comes with a standard yield 1,200-page toner included in the box, which you can replace with high yield toner to perfectly match how many pages you print and save money. The bundled drum prints up to 12,000 pages before replacement is required. All Brother supplies, including the drum, can be replaced individually, reducing your cost as you only pay for what you have used. You will also save money by printing on both sides of the paper.

Environmentally-friendly

The HL-2270DW's Energy Star certified energy efficiency means you can reduce your power consumption.
