

Professional PC Labelling Machine

Desktop labelling machine with PC connection and label design software.

- Prints 6, 9, 12, 18mm labels
- Large, high resolution graphic display with backlight
- Wide PC style keyboard
- Large print height
- Built-in editable label designs for common labelling applications

“With a large, high resolution backlit screen and built-in label templates I can quickly produce durable, easy-to-read labels using the wide easy-to-type keyboard, or design creative labels on my PC or Mac.”

P-touch
D450

The fully featured labeller with PC connection

The P-touch D450 creates durable fade-proof labels by using the easy-to-use integrated labelling functions, or directly from your PC or Mac thanks to the fully-featured P-touch Editor label design software.

Using the built-in label design functions, the large easy-to-read backlit display and wide PC-style keyboard makes it easy to quickly produce your labels in various colour and size combinations.

Connect to your PC or Mac and be creative by using various fonts, text styles, images and frames on your label design. You can even link to text contained in a Microsoft Excel spreadsheet to quickly print many labels at once, thanks to its high-speed print capabilities.

This high specification labeller is the ideal partner in your office to help you and your colleagues stay organised.

Print labels 6mm – 18mm in width

Graphic display with print preview

14 fonts ; 99 frames – Over 600 symbols

Built-in editable label designs

Easy-to-type PC-style keyboard

Prints labels from your PC or Mac

Built-in barcode printing

Uses 6 x AA batteries* or included AC adapter

* Batteries not included.

P-Touch Laminated Labels – Designed To Last

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin yet extremely strong label. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), which protects the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.

Laminated

Temperature Resistant

Water Resistant

Fade Resistant

Abrasion Resistant

Chemical Resistant

Easy Peel

Strong Adhesion

Clearly identify items with a durable P-touch label

Around the home, office, school, shop and other places of work, there are many uses for long lasting, durable P-touch labels. Common examples include:

- Cables and plugs
- CD's and DVD's
- USB flash drives
- Office equipment
- File folders
- Filing cabinets
- Mail rooms
- Staff and visitor name badges
- Signage
- Notice boards
- Shelving
- Telephone extension numbers
